

Hello Mountain Viewers!

Each year, the leadership at Mountain View partners with ministry leaders and develops the financial goals for the next year. We call it a Stewardship Plan. On Sunday, December 13th we are going to take 20 to 30 minutes following the service to share with you the goals for 2010 and the foreseen financial requirements for completing the Kingdom work God has shown us.

Please join us at 11:30 in the auditorium so you too can understand the direction God is pointing Mountain View for the next year. Copies of the entire Stewardship Plan will be available at the Greeter's table for those interested, and we have included a summary of the Stewardship Plan below for your information.
